

POLÍTICA DE CALIDAD DE LA UNIVERSIDAD DE GRANADA

CARTEL y DECLARACIÓN DE LA POLÍTICA DE CALIDAD DE LA UNIVERSIDAD DE GRANADA

The image shows a graphic poster and a document page for the University of Granada's Quality Policy. The poster features a large speech bubble containing the following values: calidad, innovación, autonomía, transparencia, experiencia, internacionalización, conocimiento, igualdad, sostenibilidad, and futuro. Below the bubble, it reads 'Política de Calidad de la Universidad de Granada' and 'Compromiso a través de nuestros valores'. The document page below the poster contains the text of the policy, starting with 'Política de Calidad de la Universidad de Granada' and 'Compromiso a través de nuestros valores'. It defines quality as a commitment to excellence and lists the university's values: innovation, autonomy, transparency, and experience. It also mentions the university's commitment to internationalization, knowledge, equality, and sustainability.

QUALITY ASSURANCE POLICY OF THE UNIVERSITY OF GRANADA

Quality Assurance Policy of the University of Granada
Our values-based commitment

QUALITY
 The University of Granada has an institutional commitment to quality and to the search for excellence across all its activities. It endeavours to be open and responsive to the needs and requirements of society, continuously adapting to meet them, made ethically and effectively. It aims to build an university, regional, worldwide that meet all challenges with a sense of responsibility, being an institution with such an objective as our first.

INNOVATION
 The University of Granada is committed to the creation of a knowledge society that is both inclusive and efficient, and it actively works in support of innovation, research and mobility. The institution is in a constant state of renewal from within thanks to all its people – its students, teaching staff, researchers, technical staff, management personnel and the entire student body.

AUTONOMY
 The University of Granada characterises its commitment to university autonomy, its an open and participative management model based on dialogue and negotiation among all its stakeholders: employees and students. This model constitutes a principled expression of respect and institutional loyalty that translates in open, collaborative work, respect and an representative institution. The university reflects and develops values for both quality and equity by acting beyond conventional boundaries of time, space or profit.

TRANSPARENCY
 The University of Granada is committed to transparency and accountability. The institution is strong in the challenges of the digital society to create a more visible, open and accessible culture that shows all the information necessary to understand how its decisions are made and the rationale behind them. This approach emphasizes shared responsibility among all members of the university community, so the future of our university belongs to all of us.

EXPERIENCE
 The University of Granada is committed to the tradition modernity dual. Our culture an institutional model. It offers a comprehensive profile of teaching and research in the sciences and the humanities but also in the technological and social studies. This is a university that listens to its experience to build the future that society demands its history and that in ground of the sense of belonging to experience, among all those associated to it.
